

June 15, 2020

Dear Valued Supplier,

Performance Food Group (PFG) has announced a partnership with Share-ify that is now extended to **all PFG suppliers that are subject to the United States Department of Labor, Occupational Safety and Health Administration (OSHA) Hazard Communication Standard 29 CFR 1910.1200 which, by law, requires a Safety Data Sheet to be produced with their products.**

Share-ify is a cloud-based platform that allows easier access to, and exchange of, manufacturing information so we may develop complete product specifications and safety data sheets. PFG's partnership with Share-ify will make it easier to initiate and grow business with our operating companies. Share-ify will allow suppliers to share directly with PFG all necessary documents, including safety data sheets, product specifications, 3rd party facility audits, customer complaint investigations, and any information pertinent to programs which govern hazard management and safety.

As previously announced, PFG QA, Brands Support, Corporate Safety and Procurement now requires all PFG suppliers to subscribe to and utilize Share-ify by Wednesday, March 25, 2020, with completed product specifications for all PFG products by April 10, 2020. Share-ify will also be used for other documents requested by PFG.

The cost for the annual Share-ify subscription for small to midsize businesses is nominal compared to other systems, and the system is user friendly. Here is a breakout of the PFG negotiated subscription rates, which demonstrates how economical the system becomes when you utilize it with more of your customer base:

PFG Supplier Subscription & Set Up Rates:

- ☐ \$480 to connect to PFG only
- ☐ For large, multi-national companies, subscription pricing ranges but does not exceed \$10,800.
- ☐ For companies new to Share-ify, a set up fee of \$480 is required for the first year.

Share-ify has set-up a series of convenient training webinars for you to choose to attend and it is possible to attend multiple training webinars. Additionally, if your company has resource challenges to implement Share-ify, there is an option to utilize Share-ify personnel to upload PFG documentation into the system at negotiated rate only available to PFG suppliers at a rate of \$20 per safety data sheet.

PFG appreciates your effort to provide all product information to us, and we know Share-ify will make it easier and add value to our business relationship.

Thank you for your continued support to PFG.
